Performance Initiatives Undertaken 05/25/2015-05/24/2016

The Unit's Meteorologists continue to teach children across Utah through the Junior Weather Specialist program. This program gives students information about the weather and broadcast meteorology. Students from 87 schools/organizations participated during the reporting period.

KSL TV News continues to provide Educator Internships (2 educators) assisting with recertification for a teaching license in communications. The Unit hosted one teacher from each of the following: Granite School District (from June 29, 2015 – August 10, 2015) and Jordan School District (from August 3, 2015 – August 14, 2015).

During the reporting period, the Unit participated in 8 job and career fairs including: The Hero 2 Hired career fairs on May 28, 2015 and again on March 23, 2016, The HireSLC Alumni Only career fair on June 2, 2015, The MediaOne Career Fair on September 15, 2015, People Helping People Single Mothers' Seminar on September 23, 2015, West High Career Week on November 10, 2015, The Workability Job Fairs on October 6, 2015 and again on April 12, 2016 at the Sanderson Center of the Deaf and Hard of Hearing.

During the reporting period, a total of 28 students participated in the Unit's internship program: Brigham Young University (16 students), University of Utah (5 students), University of Oregon (1 student), University of Oklahoma (1 student), Arizona State University (1 student), BYU Idaho (1 student), Utah State University (1 student), Utah Valley University (1 student) and Weber State University (1 student). The internship program allows students majoring in the communications or related fields to receive academic credit while acquiring skills needed for employment in the broadcast industry. Departments involved: KSL News Social Media, KSL Radio Marketing/Promotions, KSL Radio News, KSL Radio The Browser, KSL TV Marketing/Promotions, KSL TV News, and KSL TV Studio 5, and KRSP-FM Marketing/Promotions.

The Unit hosted 9 international students from Pakistan facilitated by the Utah Council for Citizen Diplomacy (on May 28, 2015), and their visit focused on journalism and security. Students also learned about communication technology and how it impacts how news and information is gathered, fact checked, reported, and distributed, as well as ethical and professional issues, rights and responsibilities, immediate feedback, daily responses (Facebook, Twitter, and News Tips), and investigative reports.

The Human Resources Director and Business Partner attended the Employment Law Seminar sponsored by Parsons Behle & Latimer on April 28, 2016. The seminar included training on non-competes and trade secrets, gender-based pay data reporting, sexual orientation discrimination, sick leave and other paid time off policies, and electronic personnel files.

The Unit welcomed 538 Boy Scouts, Girl Scouts, Youth Groups, School Groups, Colleges, Family Groups, and Community Groups to our facilities, to learn about the broadcast industry by experiencing a tour. As the groups tour the stations, the staff answers questions and shares the specific requirements, both educational and professional, required for a variety of positions within the television and radio industry. This tour allows individuals an opportunity to see a variety of departments and positions involved in producing television and radio broadcast.

Management and employees continue to share their broadcasting experiences by teaching and presenting at schools and to civic groups. One of the radio anchors taught a Radio Journalism class at the University of Utah (Spring Semester 2016).
