Market Referral	10
TVJobs.com	1
University of Utah	1
University of Utah-Career Svcs	1
Walk-In/Self Referred	1
TOTAL	184

## **Performance Initiatives Undertaken**

The Unit's management and personnel served on various community organizations, boards and committees, where they shared skills, knowledge and abilities needed when considering career opportunities in the broadcasting industry, including radio and television.

The Unit's Promotion and Marketing personnel provided an inter-active, mock television studio at various local events, remotes and the Children's Museum at the Gateway Center in Salt Lake City Utah, offering the public a "hands-on" learning experience in the world of television broadcasting.

The Unit's HR and management hosted community groups, students and faculty from various high schools, universities/colleges for tours and forums on career opportunities in broadcasting/journalism.

42 scholarships were awarded by the Unit to Utah High School students who competed in the Sterling Scholar Awards Program. The Unit's management and personnel provided judges who determined the finalists.

10 scholarships were provided by the Unit to college/university junior/senior students who were majoring in communications/broadcasting/journalism.

The Unit's HR and Management participated in local community and college/university internship/career fairs where participants were educated about internships and career opportunities in broadcasting/journalism.

On February 28, 2012, the Unit's HR, together with local broadcasters and the Utah Broadcasters Association, co-sponsored a Career Fair to encourage and educate participants considering an internship and/or career in broadcasting.

The Unit's Legal and Management participated in the Utah Broadcaster's Association's annual FCC/EEO Legal Training.

Various local high school students participated in job shadow experiences provided by the Unit's personnel and management.

The Unit continues to maintain a "for credit" unpaid internship program for students registered at a university, college, community college or vocational/technical institute. The internship program provides interns with a structured learning experience allowing them to acquire skills needed for employment in television and radio broadcasting and includes approximately 20 hours of training per week.
